## Mrs. Ruby Lee S. Hall

We, the 1983 Indian Staff, wish to depart from the usual and dedicate this edition of the yearbook to two wonderful ladies, Mrs. Ruby Lee Hall and Mrs. Betty Jenkins. Together they have given more than sixty years of service to the young people of our county. Hundreds upon hundreds of young people have been taught by Mrs. Hall and Mrs. Jenkins.

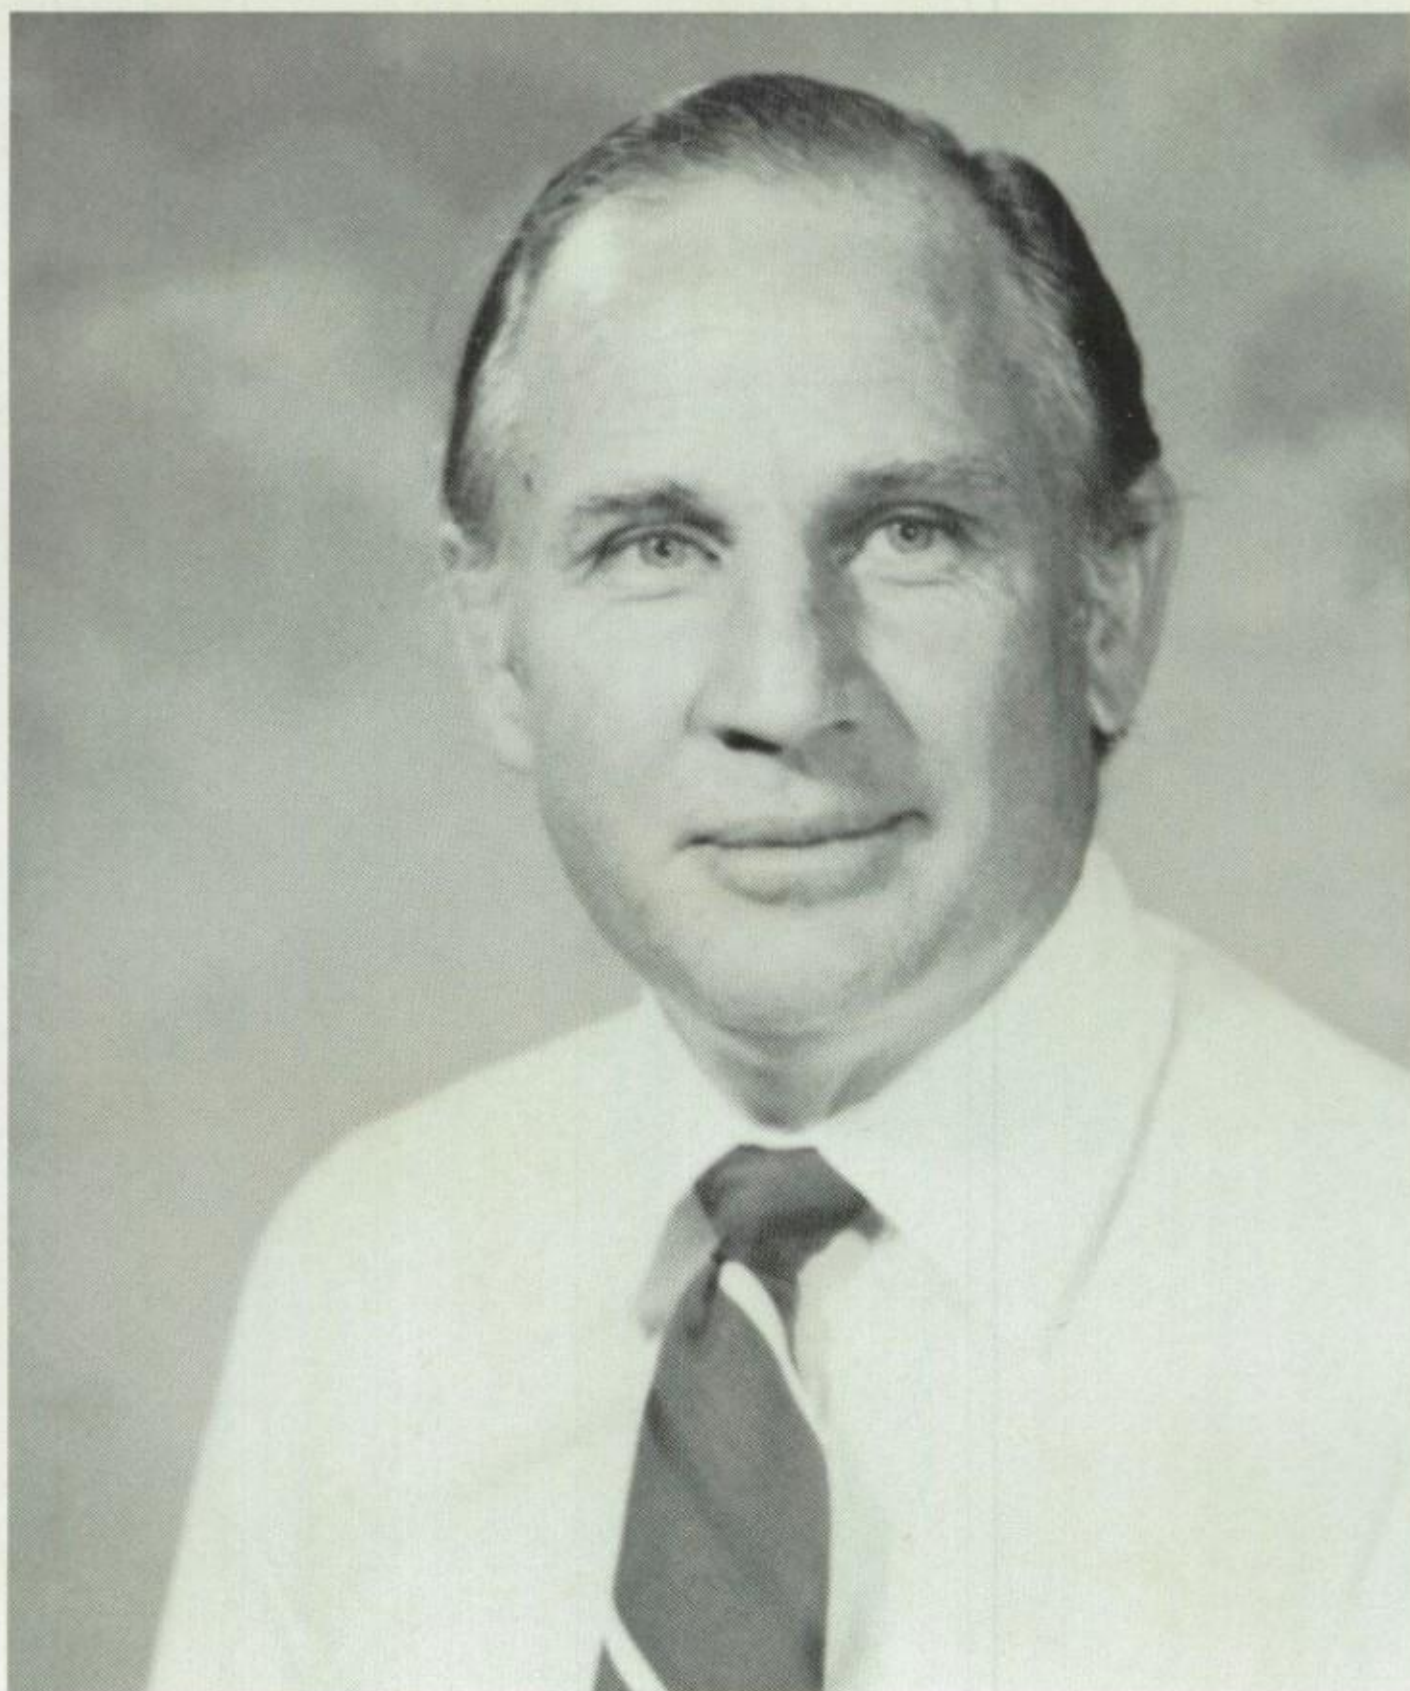

## Mrs. Betty B. Jenkins

To each of us, they have shown a better path to follow. They have instilled high ideals, a sense of self-worth, and a strong moral character in all whom they have taught. Their sterling example has stood before us as a standard of excellence toward which we all might strive. The world is a far richer place for their contributions.

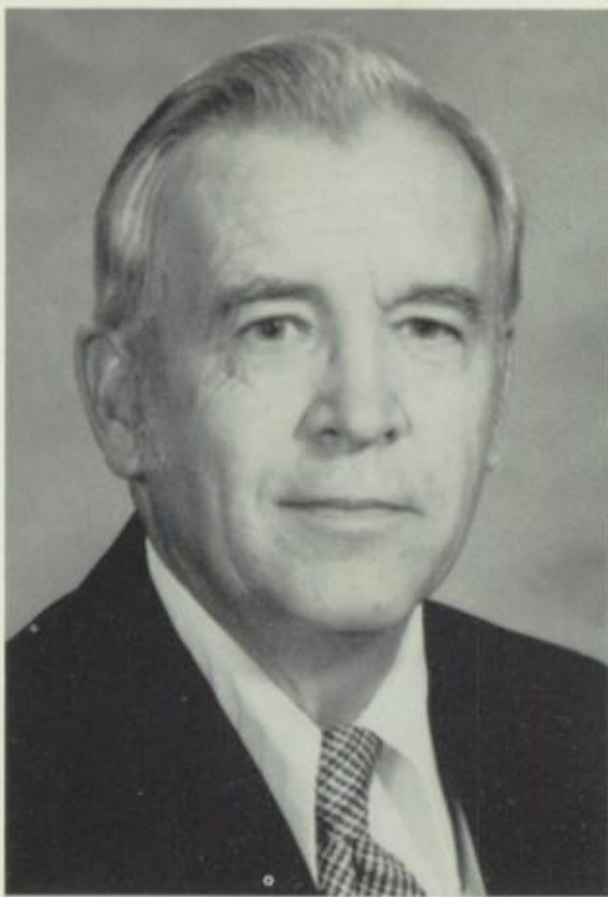

## Principal's Message

Never before has the challenge for young adults graduating from high school been greater than this year. I hope that we have provided you with all the basic tools necessary to meet this challenge gracefully. Each one of you have in your unique fashion made lasting impressions that add measurably to all the good things that make your school worth remembering through the years ahead. I shall think of you fondly and pray that your future holds nothing but the very best.

## In Memoriam Benny Weaver

Sept. 23, 1964 — Apr. 10, 1982

God will not waste anything if we give Him a chance to redeem it. He is not only a Redeemer of our sin, but he is a redeemer of our circumstances as well. He will not waste a single problem, a single heartache, a single tear. Our God is a Redeemer God, and He stands minute by minute before us, inviting us to let Him have the sorrow, to let Him have the disappointment. To trust Him to make something useful, something creative of every tragedy that darkens our lives.

If we could see beyond the rainbow's end, we know that we would find him waiting there.

"Hog Heaven." Rem. the Homecoming foot ball game when I got drunk on you. But you paid me back when we went to Brenda's Christmas party. At least you wasn't rolling around in the floor like I was. I had to feed you grapefruit to sober you up. Rem. the foot ball game I went with you on to Polk County. Rem. the "View" we all got and how you got mad. But we were just paying you back for talking to them cheerleaders. we had fun after the game going home, didn't we? Rem. Halloween night when we got caught (almost) throwing eggs and we told Brian that them denkeys would bite him on the ass. He was scared to death. Rem. all the times in the airstream at Brenda's, especially the night you got drunk. "Sloppy Business." Ha! Ha! Rem. the day we cut school and went to eat pizza and the night we with Bubba + Anthony and me + Bubba almost got lit on you all. I could go on and on with the Remember when's but all I really want you to rem. is all the good times we've had that you will never forget. Rem. Sunday the 95 minutes we spent together. I'll never forget that. I love you a lot and that's the only reason I could go on. Like you asked me, I could never love or be loved by another person. I doubt I could ever go with any body else. You really treat me like some body. Not like other people did. You don't do stuff like they did either. And I will always rem. you for that.

To a real wonderful guy that I will always cherish all my life. I'm really glad I got to know you cause I didn't, I guess I would have never known how it feels to love someone and to be loved back. I'm glad that you really helped me with all my problems that I had before I met you. If you haven't had been there I guess I would of been hurt real bad up in my head. I'm glad you was there. I could go on for ever you said but I'm just gonna ponda mention the most important ones that we'll never forget. Rem. the Friday (had to be me) asked you to go riding around after the football game. Went to Buckwheats and got a case of "Miller Lite" with my last \$20.00. I didn't care more cause I wanted to be with you. Then we got to the end of "Hog Creek" and had some fun. got a beer down my pants when it was so cold I thought I would freeze to death but Sam you helped to keep me warm. Then when we went walking you would keep on telling me that they were bears in there and I was scared to death. But you kept me close to you so I wasn't to scared. Two or three weeks later, somebody killed a 300 pounder bear somewhere around where we were on your sleeping bag. Then finally I had to go with a good-bye kiss and only leaving memories of that night cause I didn't know if you would come back or leave me hanging. But you asked for my phone number and so you called me that Saturday and asked me out again. So many people were mad and jealous but I thought it was my turn. I'll never

I guess I could slow down but I could write for ever and never stop cause we've had "lots" of good times. I could keep on writing but my pen is about to quit. But I'd rather tell you (like you said in my annual) what I would like to say, mostly to your face. I want to spend the rest of my life with you. And I hope my dreams all come true. Most of them has come true. All of them so far has. One that is real important to me hasn't yet but it won't be long until it does. Sam, I really love you alot. There's nothing in the world that will ever change it either. Well, anyway, Best wishes and loads of good luck through out your future (I'll be in it with you) cause you sure damn deserve every bit of it to. Just remember all those wild and crazy times we've had and look forward for many, many more. Thanks for every thing that you have done for me. I'll always be here if you ever do need someone or a shoulder to cry on, ok?

"I love you,"

I love  
you
